

Reading Palette-Basic ③ Audio Script

[Track 01] Intro

M: Reading Palette-Basic

W: Book 3

M: Copyright Darakwon, 2020. Published and distributed by Happy House. All rights reserved.

[Track 02]

M: Unit 1. I Like Myself

W: Page 8, Learn the Words

M: cousin cousin

W: dance dance

M: sew sew

W: craft craft

M: cartoon cartoon

W: funny funny

[Track 03]

W: Page 9

G1: My cousin, Sally, has many talents.

She is good at singing and dancing.

She can sew and do crafts too.

But I can't sing or dance.

I can't sew or do crafts.

I feel sad. I want to be like Sally.

(G2:) "Cheer up," Sally says. **(G2:)** "You have many talents too."

Sally is right! I'm good at writing stories.

I'm good at drawing cartoons of superheroes.

Everyone loves my funny cartoons.

I like myself now!

[Track 04]

M: Unit 2. This Is My Town

W: Page 12, Learn the Words

M: town town

W: library library

M: peaceful peaceful

W: borrow borrow

M: weekend weekend

W: buy buy

[Track 05]

W: Page 13

B: I live in a small town.

There are many fun places here.

There is a park next to the school.

I walk my dog, Rex, in the park.

The library is across from the park.

It is very peaceful in the library.

I visit the library after school.

I borrow novels and comic books.

The supermarket is next to the library.

On the weekend, I go to the supermarket.

I buy snacks and juice with my mom.

[Track 06] Unit 3.The Food Chain

W: Page 16, Learn the Words

M: sunlight sunlight

W: grass grass

M: zebra zebra

W: hunt hunt

M: owl owl

W: grab grab

[Track 07]

W: Page 17

M: Plants need sunlight, soil, and water.

They get energy from the sun.

They use the soil and water to grow.

Many animals need plants to live.

Rabbits eat leaves, grass, and vegetables.

Zebras eat long grass in the savannah.

Mice eat seeds and plants in fields.

Plants help these animals grow.

Some animals eat other animals.

Eagles catch and eat rabbits.

Lions hunt zebras in the savannah.

Owls watch fields carefully. They fly down and grab mice.

[Track 08]

M: Unit 4. No More TV!

W: Page 20, Learn the Words

M: vacation vacation

W: bake bake

M: idea idea

W: flour flour

M: sugar sugar

W: delicious delicious

[Track 09]

W: Page 21

M: It is the first day of summer vacation.

Brother and Sister Bear watch TV.

(W:) "No more TV," Mother Bear says.

Sister Bear gets bored. **(G:)** "What should we do?"

(B1:) "I know!" Brother Bear says. **(B1:)** "Let's bake cookies!"

(G:) "Good idea!" Sister Bear looks for a recipe. They need flour, sugar, butter, and eggs.

Brother and Sister Bear mix it all together.
Baby Bear helps. Then they bake the cookies in the oven.
Baby Bear tries one. **(B2:)**"It tastes delicious!"

[Track 10]

M: Unit 5. Safety First!

W: Page 24, Learn the Words

M: cross cross

W: road road

M: gift gift

W: ride ride

M: dangerous dangerous

W: protect protect

[Track 11]

W: Page 25

G: It is Safety Week at school.

A police officer visits my class.

He says, **(M:)**"Follow these rules outside."

First, be careful on the street.

Cross the road at the crosswalk.

Don't run on the road.

Second, don't talk to strangers.

Don't get in a stranger's car.

Never take candy or gifts.

Third, don't ride your bike on the street. It's too dangerous!

Always wear a helmet. It will protect your head.

(M:)"You can stay safe!" the police officer says.

[Track 12]

M: Unit 6. How Big Are the Animals?

W: Page 28, Learn the Words

M: zoo zoo

W: tiny tiny

M: millimeter millimeter

W: lizard lizard

M: centimeter centimeter

W: meter meter

[Track 13]

W: Page 29

W: Joey's class is going to the zoo.

First, they visit the aquarium.

Joey sees tiny fish. This one is only 8 mm long!

Next, the students visit the reptiles.

They see snakes, turtles, and lizards.

The lizard is 10 cm long. The snake is 50 cm long.

Joey doesn't like the snake. It looks scary!

Last, Joey's class sees the mammals.

(B): "How tall is the giraffe?" Joey asks.

(M): "It's 5.5 meters tall," the zookeeper says.

Wow! The giraffe is very tall!

[Track 14]

M: Unit 7. Mouse's Imaginary Friend

W: Page 32, Learn the Words

M: move move

W: fairy fairy

M: blond blond

W: backyard backyard

M: water water

W: rose rose

[Track 15]

W: Page 33

W: Mouse's family moves to a new town.

Mouse doesn't have any friends.

She makes an imaginary friend.

Mouse's imaginary friend is a fairy.

Her name is Sandy. Sandy has long blond hair.

She has green eyes and freckles.

Her wings are blue and pink.

Mouse's backyard has a garden.

Sandy loves to take care of the garden.

Mouse and Sandy pull out weeds together.

Then they water the roses with a hose.

Mouse has fun with her imaginary friend.

[Track 16]

M: Unit 8. Chicken Little

W: Page 36, Learn the Words

M: acorn acorn

W: king king

M: lick lick

W: lip lip

M: lead lead

W: follow follow

[Track 17]

W: Page 37

M: One day, an acorn falls on Chicken Little's head.

(G1): "Oh no!" Chicken Little says. **(G1):** "The sky is falling!"

Chicken Little runs to Duck and Goose. **(G1):** "We must tell the king!"

They find Fox. **(G1):** "Fox, the sky is falling! We must tell the king."

Fox licks his lips. **(B):** "I will lead you to the king."

The three birds follow Fox to his cave.

Fox says, **(B:)** "The king is in here."

Goose looks into the scary cave. **(G2:)** "Fox wants to eat us!"

The birds run away.

[Track 18]

M: Unit 9. A Famous Water Fight

W: Page 40, Learn the Words

M: famous famous

W: celebrate celebrate

M: gather gather

W: bucket bucket

M: temple temple

W: statue statue

[Track 19]

W: Page 41

M: Songkran is a famous festival in Thailand.

People celebrate the Thai New Year in April.

They have a huge water fight!

People gather together in cities.

They bring water guns, hoses, and buckets.

They spray lots of water on each other.

The water washes away bad luck.

People also visit temples during Songkran.

They wash the statues in the temples.

They clean up their homes too.

It's a fresh start for the new year!

[Track 20]

M: Unit 10. A Cool Summer Treat

W: Page 44, Learn the Words

M: peel peel

W: blend blend

M: mold mold

W: stick stick

M: freeze freeze

W: chop chop

[Track 21]

W: Page 45

W: It's summertime! Let's make popsicles!

We need kiwis and a watermelon.

1. Peel and put the kiwis into the blender.

 Add a little water. Then blend it.

2. Pour the juice into the molds.

 Fill half of each mold.

 Push a stick into each mold.

3. Freeze the molds for three hours.

4. Chop the watermelon and blend it.

5. Pour the juice into the molds.

6. Put the molds back in the freezer.

 Wait three more hours.

Your popsicles are ready! Eat them to cool down!

[Track 22]

M: Unit 11. A Fall Game

W: Page 48, Learn the Words

M: object object

W: rock rock

M: collect collect

W: search search

M: upset upset

W: point point

[Track 23]

W: Page 49

B1: Mars School is going to the park.

We are having a fall object hunt.

The teacher gives us a list.

Step one: find a rock. Nix finds a big gray rock.

Step two: collect three leaves. **(B2:)**“Leaves are green,” Nix says.

We search for green leaves.

Nix gets upset. **(B2:)**“I can’t find any!”

I point to a tree. The leaves are red and orange.

“Leaves change color in fall.”

Nix grabs three red leaves. He is happy again.

[Track 24]

M: Unit 12. When It Snows

W: Page 52, Learn the Words

M: different different

W: heat heat

M: cloud cloud

W: piece piece

M: cover cover

W: ground ground

[Track 25]

W: Page 53

W: It gets cold in winter. Sometimes it snows!

Snowflakes are small and beautiful.

They all have different shapes.

How do snowflakes form?

The sun heats lakes and oceans. The water turns into a gas.

It makes clouds in the sky. Sometimes this gas freezes.

Small pieces of ice gather together.
They form snowflakes in the clouds.
The clouds get very heavy. Snowflakes start to fall.
They cover the ground in fluffy white snow!

[Track 26]

M: Unit 13. Save the Oceans!

W: Page 56, Learn the Words

M: island island

W: strong strong

M: knife knife

W: straw straw

M: container container

W: recycle recycle

[Track 27]

W: Page 57

M: We use too much plastic.

The plastic gets in the oceans. It forms huge islands!
How can we help the oceans?

First, don't use plastic shopping bags.
Buy some strong shopping bags.
You can use them again!

Second, don't use plastic forks and knives.
Try not to use plastic straws.
Buy metal ones instead. You can use them again.

Last, buy glass bottles and containers.
They are strong. You can use them many times.
You can recycle them too!

[Track 28]

M: Unit 14. The Life of a Frog

W: Page 60, Learn the Words

M: adult adult

W: pond pond

M: tadpole tadpole

W: tail tail

M: grow grow

W: shrink shrink

[Track 29]

W: Page 61

W: Frogs have four life stages.

An adult frog lays eggs near a pond.

The eggs hatch! Tadpoles slide into the water.

Tadpoles have long tails. They are good swimmers.

Tadpoles start to grow legs.

First, they grow two back legs.

Next, they grow two front legs.

Finally, their tails start to shrink.

Now, they are young frogs. But they are still tiny.

The young frogs grow larger and larger.

Soon, they will be adults. They will lay eggs too.

[Track 30]

M: Unit 15. The Little Mermaid

W: Page 64, Learn the Words

M: mermaid mermaid

W: sea sea

M: human human

W: witch witch

M: voice voice

W: city city

[Track 31]

W: Page 65

M: Victoria is a mermaid. She lives under the sea.

But Victoria wants to be human.

She visits a sea witch. **(G:)** "Please make me human."

The witch says, **(W:)** "Give me your voice.

Make a prince fall in love with you.

Then you can have your voice back."

Victoria goes to the city.

She meets a prince. His name is Adam.

Adam falls in love with Victoria.

The witch gives Victoria her voice.

Victoria and the prince live happily ever after!

[Track 32]

M: Unit 16. From Seed to Plant

W: Page 68, Learn the Words

M: plant plant

W: begin begin

M: seed seed

W: root root

M: stem stem

W: flower flower

[Track 33]

W: Page 69

W: Plants begin as a seed.

Seeds need plenty of water to grow.

The water makes the seed bigger.

Then roots grow out of the seed.

Now, the seed becomes a seedling.

This baby plant is very small.

It needs plenty of water and sunlight.

The stem grows taller and taller.

The seedling grows into an adult plant.

The adult plant has many leaves.

Some plants make flowers too.

These flowers have seeds inside.

Later, the seeds will become plants.

[Track 34] Ending

M: This is the end of **Reading Palette-Basic Book 3**. Study more with another interesting and exciting course of the Happy House Reading Series.

B,G: Goodbye!
